## CRISIS MANAGEMENT SOLUTIONS FITTING YOUR COMPANY

A crisis has the potential of seriously harming your organisation. The consequences might even have an adverse effect on stakeholders and seriously damage your well established reputation. Often a crisis will come as a surprise and it will put a lot of pressure on management teams to act effectively in a time constrained situation. Managing crises without having your critical processes suffering any delays is difficult and will require comprehensive preparation. For the specialised skills needed in the extreme

environment your organisation may find itself, you can rely on the crisis management experts of Schütz & Swart. We have successfully set up, trained and supported crisis management teams for a wide range of companies and organisations. We aim to minimise the potential impact and recovery time of a crisis. Our experienced crisis managers combine years of experience with best practices of the industry you are in. This enables you to focus on your core business without concern.
